# 5th annual conference

# MAPPING THE COURSE

# 

**Optional Workshop** January 24, 2018 • Same Location

**Sawmilling 101:** Introduction to Softwood Sawmill Operations and Financial Performance Timberlands, Forest Products Processing, and Fiber Issues for 2018

Wood Resources International

Attend this conference for in-depth analysis on forest products market challenges, opportunities, and threats for 2018 in the North American West Coast timberland region.

# 5th annual conference January 25

# Timberlands, Forest Products Processing, and Fiber Issues for 2018

Many will already be at the venue and you<br>can arrange to meet other attendees ahead of time. We<br>are providing a buffet-style sit down breakfast prior to<br>Thursday's Mapping the Course conference as another<br>opportunity to network. Many attendees from prior<br>years have suggested we increase networking time, while<br>holding the conference to one day. |  |  |

# Optional Workshop January 24

#### Instructors

**Bryan Beck, President** – Since joining The Beck Group in 2003, Bryan has been involved in a wide variety of projects involving sawmills including feasibility studies, capital project planning, acquisition due diligence and benchmarking. Prior to his time with The Beck Group, his experience includes positions at Northwest sawmills and in residential construction.

**Roy Anderson, Vice President**– Roy joined The Beck Group in 2006. Since that time he has been involved in BECK's sawmill benchmarking studies, timber supply and demand studies, and log procurement planning. Roy started his career in log procurement in the hardwood industry in the Midwest, and also has extensive experience with woody bioenergy and wood pellet projects.

# Sawmilling 101: Introduction to Softwood Sawmill Operations and Financial Performance

#### Agenda

#### 9:00 Sawmilling Overview

#### **A.** What are the Basic Manufacturing Processes?

Follow a log along the manufacturing processes from delivery to the mill, through sawmilling and kiln drying, and on to the planer and shipping.

**B.** What does a Successful Sawmill Manager Pay Attention to?

> An introduction to key sawmill performance metrics and a sample sawmill income statement to illustrate how key metrics impact financial performance.

#### 10:15 Break

#### 10:30 Markets & Manufacturing in North America

#### **c**. Where Does the Lumber End Up?

A review of the primary end users of lumber to include residential building, remodeling and repair and industrial distribution channels. Consumer preferences and green labeling round out the picture of market forces.

#### **D**. What are the Characteristics of Markets and Manufacturing in the Various Regions of North America?

An overview of each major region is provided to cover population trends, characteristics of mills, regional market drivers and species mix.

#### Noon Lunch

#### 1:00 Key Sawmilling Metrics in Detail

#### **E.** A Close-up of Key Metrics.

The instructors will draw upon actual sawmill operating statistics from 20 years of benchmarking study data and how those factors impact financial performance.

#### **1**. Log Supply and Pricing.

Logs are typically 60 to 70 percent of a sawmill's total operating cost. This session will focus on the characteristics of logs that drive value, and the process of identifying the right log at the right price for the right mill.

#### 2. Lumber Recovery.

What forces impact the amount of lumber recovered from each log? This session will focus on how mills measure and maximize the volume and value of lumber produced.

#### 3. Productivity and Manufacturing Costs.

This session will review the key factors that drive mill productivity and manufacturing cost including log and lumber mix, technology, labor, energy, maintenance and supplies.

#### 4. Lumber Products and Sales Values.

A look at key characteristics and market values for major lumber product categories including commodity and specialty product lines.

#### **5**. Sawmill Byproducts.

This session will focus on end uses and values for byproducts including chips, sawdust, shavings, bark, and hog fuel.

#### 3:00 Break

#### **3:30** Characteristics of Top Performers

# **F.** What are the Characteristics of Top Performing Sawmill Operations?

The instructors will draw on more than 20 years of benchmarking experience to illustrate differences in key performance metrics between average and top performing sawmills, and will present several case studies of top performers.

4:30 Adjourn

# Mapping the Course: Timberlands, Forest Products Processing, and Fiber Issues for 2018

#### Location:

The conference and optional workshop will both be held at the Heathman Lodge in Vancouver, WA. The Heathman is located at 7801 NE Greenwood Dr. Take SR-500 East off I-5 in Vancouver. Exit at NE Thurston Way and go north to NE Parkway DR. Turn left on Parkway and the Lodge is on the left. The Heathman can be viewed at: www.heathmanlodge.com

#### **Lodging Information**:

Reduced rate lodging is available at the Heathman by calling 888-475-3100 or 360-254-3100 and by mentioning Western Forestry and Conservation. The rate for a single or double room is \$133 plus tax. After January 3, 2018, reduced rate rooms will be subject to availability.

#### **Registration and Cancellations:**

The registration fee for 1/25/18 is \$525 if received by January 8, 2018 or \$675 if received after January 8, 2018. The registration fee includes a book of speaker materials, lunch and reception. The registration fee for the optional 1/24/18 workshop is \$425 on or before 1/8/18 or \$525 after 1/8/18 and includes reference materials and lunch.

Checks should be made payable to Western Forestry and Conservation Association. Purchase orders, VISA/MasterCard, and American Express are accepted. Tax id # 930-331-712. Cancellations received on or before 1/8/18 are subject to a 15% service charge. Cancellations after 1/8/18 will be charged the entire registration fee, but substitutions are always welcome.

#### **Society of American Foresters CFE Credits:**

Attendees are eligible for 5.0 CFE credits for Mapping the Course and 5.5 CFE credits for Sawmilling 101.

#### **Registration Questions?** Call Melinda at (888) 722-9416 or (503)226-4562 melinda@westernforestry.org
